Dear Mel,

I thought you would be interested in the
Report of the Senate Panel on the Conquest of Cancer.

I do hope President Nixon will make his
approval of this approach to conquering cancer a part
of his forthcoming Health Message.

Won't you speak to him about it, as you know
how much real action is needed against this terrible
disease?

Warmest wishes and gratitude to you for
all you are doing for the country,

Yours,

Hon. Melvin R. Laird
